ESTABLISHMENT: (Temporary --South Kanara district Magistrates office--staff expansion of--proposals submitted.

I have noticed that the disposal of business in the Magisterial section of my office is not satisfactory for want of adequate staff. I find that this state of affairs has continued since the year 1949. In order to improve the condition proposals were submitted by my predecessors to appoint an additional temporary clerk for this section but the proposals were not recommended by the Board of even The proposals last submitted in 1951 were rejected in Board's Proc. No.450/51 dated 6.10.51 and G.O.No. t.3012 Home dated 9.11.51.

2. The Magisterial section of my office consists of one Lower Division clerk (Magisterial Head clerk) and 4 lower division clerks of which the posts of 2 lower division clerks are temporary. The retention of these posts for a period of one year was last sanctioned in G.O.No.2988 dated 12.8.1952 and G.O.No.1505 dated 6.5.52. The strength of the clerical staff was raised to five with the appointment of a temporary lower division clerk as per

G. .No.M.S. 1767 Home dated 10-5-1948. Since then the work has increased in this section enormously. The liberal policy laid down by the Government in the matter of issue of gun licences has affected this Dt.Most on account of the hilly nature of the county and the necessity of firearms for the protection of crops. In response to the appeal made for the surrender of unlicensed guns in the year 1949 all persons in possession of such weapons have obtained licences. The no. of licences under the Arms Act in this district is the highest in the State. Consequently the work has increased on account of receipt of application for permission to repair weapons, exchange of guns, extension of validity of the licence etc. The Board and the Government seem to have based their opinion that there is no justification for the employment of an additional L.D.C. as there was a fall in the total No.of receipts in the magisterial section. I may be permitted to suggest that it may not be correct to assess the work on the No.of papers alone. The work in this section involves writing of licences and making entries in several voluminuous registers. I enclose a statement showing the statistics of work done by each of the clerks. in the magisterial section during the year 1948 to 1951 and 1952(upto 31-7-1952). As it is the disposal of papers compares favourably with the other sections, still the pendency has increased steadily from the year 1948. It has increased from 745 in 1948 to 1664 at the end of July 1952. In the past, whenever work accumulated in this section, clerks from some other sections were deputed to clear off the arrears. In view of the abolition of temporary staff, it will not be possible to give such assistance. Efforts were made to keep pace with the receipt of papers by working over time and on holidays also, but obviously this cannot continue indefinitely. The clerks (C2 and C5)dealing with Arms Act have to maintain several volumes of personal registers in view of the large No. of currents (353 and 468) pending with them. During my check of these personal registers, I was obliged to conclude that it is impossible to secure efficiency if a clerk has to cope with som many currents. Many complaints have been made to me at Headquarters and during camps by private persons that their applications under the Arms Act are being delayed abnormally.

3/- I consider that things can be improved only by appointing an additional clerk. I therefore request that the Government may be pleased to sanction the employment of one temporary L.D.C in the Magisterial section for a period of one year in the first instance.

Yours faithfully
